This Privacy Policy sets out the terms of use of the website www.everest-parts.com as well as the rules for the use of cookies.

All rights to the content of the website www.everest-parts.com are exclusively reserved to Garden Parts Sp. z o.o. The company does not permit any use of the website content for commercial purposes without prior written consent of Garden Parts Sp. z o.o. In particular, it is prohibited to copy, modify, or adapt the website content in whole or in part, as well as to interfere with the source code of the website.

Garden Parts Sp. z o.o. reserves the right to make changes to the content of the website www.everest-parts.com at any time, including changes to the legal notice, the Privacy Policy, or information regarding the data protection policies applied by Garden Parts Sp. z o.o.

Garden Parts Sp. z o.o. assumes no responsibility for the accuracy, completeness, or timeliness of the data and information presented on www.everest-parts.com, in newsletters, webinars, or other content made available by Garden Parts Sp. z o.o. via the website www.everest-parts.com. Any risk associated with the use of the content on the website www.everest-parts.com is borne solely by the user of the website.

Garden Parts Sp. z o.o. accepts no liability for any damages arising from the use of the website www.everest-parts.com and the content published there.

Information about cookies

This website uses cookies, i.e. small text files containing information about visits to our website, which are stored on the visitor's computer or device. Cookies usually contain the name of the website they originate from, the storage duration on the end device, and a unique number.

We use cookies for the following purposes:

- storing login data,
- enabling page sharing on social networks,
- allowing users to post questions or comments,
- monitoring interruptions in website access and protecting against

spam and abuse,

- measuring website traffic,
- displaying advertisements and measuring their effectiveness,
- displaying personalized content, e.g. information about products related to the user's industry.

Cookies are stored in order to better understand how our website is used. This data is also used for ongoing operation and to improve the performance of our website as well as for statistical purposes.

You can consent to the use of cookies by selecting the appropriate "Accept cookies" button on our website, or define which cookies are allowed by adjusting the settings from the available cookie options. Website users can also change cookie settings through their internet browser. The browser allows cookies to be deleted or automatically blocked. Detailed information on this can be found in the help or documentation of the respective browser.

Restrictions on the use of cookies may affect some features available on the operator's website. Cookies stored on the user's device may also be used by Google Analytics to analyze website statistics.

Server log files

Information about certain user behaviors on our website is recorded at the server level in log files. This data is used exclusively for the purpose of administering the website and ensuring the smooth operation of the services provided. The data mentioned is not associated with specific individuals visiting the website and is used solely for administrative purposes.

The accessed resources are identified via URL addresses. In addition, the following data may be collected:

- time of the request,
- time of sending the response,
- name of the client station – identification is carried out via the HTTP protocol,
- information about errors that occurred during the execution of the HTTP transaction,
- URL of the page previously visited by the user (referrer link), if access occurred via a link,
- information about the user's browser,
- information about the user's IP address.
